Fashion designers showcase new collections

31/10/2007

Barking Learning Centre (BLC) held an exciting and exhilarating African fashion show as part of the Molten Arts Festival celebrations last weekend.

Five fashion designers showcased their latest innovative collections to a captive audience in the Gallery at the BLC. The designers each revealed 10 couture creations fusing African fabrics with western styles.

The designers who took part were; Jewels Gallerie, Yetttd Design, Fade.O, Phenonenul 31 and Unique Blessings.

The fashion show, organised by Shabach Creations was hugely successful and musical performers entertained the audience who danced as the show took place. Local photographer David Cross caught the action on camera.

Oyindamola Okusanya from Shabach Creations said: "The event was a mix of drama and creativity which produced a unique fashion show. All the local designers were enthusiastic and showcased fantastic collections."

Cllr Bob Little, Executive Member for Arts and Culture said: "The event was a great opportunity for talented designers to take part in a well organised and entertaining fashion show that was thoroughly enjoyed by local residents."

Molten Arts Festival celebrates the people who live, work, play, dance, sing and paint in the Borough.
